Contents

Dokuchaev, N. E.: Population ecology of *Sorex* shrews in North-East Siberia 371–379
Erikstad, K. E., Byrkjedal, I. & Kålås, J. A.: Resource partitioning among seven carabid species on Hardangervidda, southern Norway 113–120
Fedrigo, A., Fornasari, L., Bonaventura, O., Vigorita, V. & Massa, R.: The winter bird species and their abundance in Lombardy, Northern Italy 291–295
Flousek, J.: Impact of industrial emissions on bird populations breeding in mountain spruce forests in Central Europe 255–263
Fuller, R. J., Stuttard, P. & Ray, C. M.: The distribution of breeding songbirds within mixed coppiced woodland in Kent, England, in relation to vegetation age and structure 265–275
Haila, Y., Hanski, I. K. & Raivio, S.: Methodology for studying the minimum habitat requirements of forest birds 173–180
Haila, Y., Järvinen, O. & Koskimies, P.: Preface (Monitoring bird populations in varying environments: The 10th international conference on bird census work and atlas studies) 151–152
Hanski, I.: Population biology of Eurasian shrews: Towards a synthesis 469–479
Hanski, I. & Kaikusalo, A.: Distribution and habitat selection of shrews in Finland 339–348
Hanski, I. & Pankakoski, E.: Population biology of Eurasian shrews: Introduction 335–338
Hanski, I. & Tiainen, J.: Bird ecology and Taylor's variance-mean regression 213–217
Haukisalmi, V.: Intestinal helminth communities of *Sorex* shrews in Finland 401–409
Heikkilä, J.: Population genetics of north temperate shrews (Soricidae). A review 459–467
Henttonen, H., Haukisalmi, V., Kaikusalo, A., Korpimäki, E., Norrdahl, K. & Skarén, U. A. P.: Long-term population dynamics of the common shrew *Sorex araneus* in Finland 349–355
Hildén, O. & Järvinen, A.: Efficiency of the line-transect method in mountain birch forest 185–190
Holopainen, I. J. & Lopez, G. R.: Functional anatomy and histology of the digestive tract of fingernail clams (Sphaeriidae, Bivalvia) 61– 72
Korpimäki, E. & Norrdahl, K.: Avian and mammalian predators of shrews in Europe: regional differences, between-year and seasonal variation, and mortality due to predation 389–400
Koskimies, P.: Birds as a tool in environmental monitoring 153–166
Koskimies, P. & Pöysä, H.: Waterfowl censusing in environmental monitoring: a comparison between point and round counts 201–206
Kuiper, J. G. J., Økland, K. A., Knudsen, J., Koli, L., von Proschwitz, T. & Valovirta, I.: Geographical distribution of the small mussels (Sphaeriidae) in North Europe (Denmark, Faroes, Finland, Iceland, Norway and Sweden) 73–101
Kuitunen, M.: Food supply and reproduction in the common treecreeper (*Certhia familiaris*) 25– 33
Kurtén, B. & Garevski, R.: Giant hyena, *Hyaena brevirostris* Aymard (Mammalia, Carnivora), from the Middle Pleistocene of Manastirec, Yugoslavia 145–147
Lack, P. C.: Overall and regional trends in warbler populations of British farmland over 25 years .. 219–225
Lehtinen, K.-J.: Survival, growth and disease of three-spined stickleback, *Gasterosteus aculeatus* L., brood exposed to bleached kraft mill effluents (BKME) in mesocosms 133–143
Massa, R. & Fedrigo, A.: A new approach for compiling a winter bird atlas by means of point-counts 207–212
Maurer, B. A. & Brown, J. H.: Distributional consequences of spatial variation in local demographic processes 121–131
Moraleva, N. V.: Intraspecific interactions in the common shrew *Sorex araneus* in Central Siberia 425–432
Mönkkönen, M. & Helle, P.: Migratory habits of birds breeding in different stages of forest succession: a comparison between the Palaearctic and the Nearctic 323–330
Niemelä, J., Haila, Y., Halme, E., Pajunen, T. & Punttila, P.: The annual activity cycle of carabid beetles in the southern Finnish taiga 35– 41
Nummi, P.: Simulated effects of the beaver on vegetation, invertebrates and ducks 43– 52
Orell, M.: Reliability of local breeding records in estimating regional population fluctuations of *Parus* species 245–254
Pankakoski, E.: Variation in the tooth wear of the shrews *Sorex araneus* and *S. minutus* 445–457
Pankakoski, E. & Hanski, I.: Metrical and non-metrical skull traits of the common shrew *Sorex araneus* and their use in population studies 433–444
Peltonen, A., Peltonen S., Vilpas, P. & Beloff, A.: Distributional ecology of shrews in three archipelagoes in Finland 381–387
Petty, S. J.: Productivity and density of tawny owls *Strix aluco* in relation to the structure of a spruce forest in Britain 227–233
Pēterhofs, E. & Priednieks, J.: Problems of applying the line-transect method without repeated counts when the breeding season is long 181–184
Pina, J. P.: Breeding bird assemblages in eucalyptus plantations in Portugal 287–290

Pomeroy, D. E.: Using East African bird atlas data for ecological studies 309–314
Raivio, S.: R-mode analysis of taiga bird distributions: comparison between qualitative and quantitative data 315–322
Ranta, E. & Espo, J.: Predation by the rock-pool insects *Arctocorisa carinata*, *Callicorixa producta* (Het. Corixidae) and *Potamonectes griseostriatus* (Col. Dytiscidae) 53– 60
Robbins, C. S., Droege, S. & Sauer, J. R.: Monitoring bird populations with Breeding Bird Survey and atlas data 297–304
Saarikko, J.: Foraging behaviour of shrews 411–423
Sheftel, B. I.: Long-term and seasonal dynamics of shrews in Central Siberia 357–369
Ståhls, G., Ribeiro, E. & Hanski, I.: Fungivorous *Pegomya* flies: spatial and temporal variation in a guild of competitors 103–112
Terhivuo, J.: The Lumbricidae (Oligochaeta) of southern Finland: species assemblages, numbers, biomass and respiration 1– 23
Tomiałojć, L. & Lontkowski, J.: A technique for censusing territorial song thrushes *Turdus philomelos* 235–243
Verner, J. & Milne, K. A.: Coping with sources of variability when monitoring population trends 191–199
Virkkala, R.: Short-term fluctuations of bird communities and populations in virgin and managed forests in Northern Finland 277–285
Väisänen, R. A.: Renewal of methodology in the second bird atlas of Finland, 1986–89 167–172
Welsh, D. A.: A report on breeding bird atlases in Canada 305–308
